

Dawson Draft Plan Engagement

Tourism Industry Association / Wilderness Tourism Association of Yukon

Date: July 2, 2021

Attendees:

- Kalin Pallett
- DRPC: Charlotte Luscombe and Tim Sellars

Notes:

- This region includes a wide range of tourism interest, including wilderness tourism, Holland America tours, cultural tourism, international air traffic (e.g. runway paved to increase capacity), and mining-based tours
- Don't want to see a repeat of the legacy of Faro mine – not the kind of attention Yukon wants
 - Sees opportunity for Land Stewardship Trust to avoid these kinds of disasters
- Many operators end their trips in Dawson so it is an important destination for tourists and operators
