*TH land use mapping is representative of present-day Indigenous land use, which is dynamic, not static, and may change in the future. These data consists of information from 50 individual TH knowledge bearers gathered in 2012 and 2018/19. This dataset is intended as a representative sample of TH community land use. It does not represent the importance of areas nor does it reflect TH conservation interests. These land uses are not necessarily representative of future land use intentions, on an individual or Nation scale.

This map is a graphical representation, which depicts the approximate size, configuration and spatial relationship of known geographic features. While great care has been taken to ensure the best possible quality, this document is not intended for legal descriptions and/or to calculate precise areas, dimensions or distances. We do not accept any responsibility for errors, omissions or inaccuracies in this data.

Data sources:
Base data: Transportation, watercourses and toponomy, shaded relief (Yukon Government); parks/protected areas (Yukon Government, YLUPC, US National Parks Service); provincial boundaries (Department of Natural Resources Canada); toponomy (compiled by YLUPC from Tr'ondëk Hwëch'in and Yukon Government).
Thematic data: Planning regions, 2019 (YLUPC); First Nations settlement lands, 2019 (Yukon Government, recompiled by YLUPC); Traditional Trails, compiled from various sources, 2012 (Tr'ondëk Hwëch'in); TH land use mapping, 2019 (Tr'ondëk Hwëch'in).

Data disclaimer:
