

# DAWSON REGIONAL PLAN TIMELINE

## An Update from the Dawson Regional Planning Commission

We are excited to announce that we will be releasing a Draft Land Use Plan for the Dawson region in June for public review.

- The Plan will guide the stewardship and use of land, water, and resources. It will chart our collective future on the land we all love.
- We have heard about what is important in the Region from many people including First Nations citizens, businesses, stakeholders, and non-government organizations.

What will happen when the Draft Plan is released?

- We want to hear from you!
- Public engagement on the Draft Plan will take place this summer and early fall.
- Keep an eye out in the upcoming weeks for more info on how you can be involved.

Why is my input important?

- Your comments will be key to developing a Recommended Plan that we will submit to the Yukon and Tr'ondĚk HwĚch'in Governments.
- We are committed to fully consider everything we hear.
- We need your help in getting the Recommended Plan right.

How can I learn more?

- Visit [dawson.planyukon.ca](http://dawson.planyukon.ca) to learn more about regional planning.
